Maple Finance reserves the right to access various government and private databases so as to verify your information. If certain databases provide a match to the information you provide then we may not have to ask for photographic evidence of your identity. Maple Finance reserves the right to close, suspend, or limit access to your Maple Finance Account and/or the Services in the event we are unable to obtain or verify this information.

B. Uploading Money

You may upload money in supported currencies into your Maple Finance Account in order to (i) convert the currency, (ii) send it to another person or to your own account or (iii) hold a balance in your Maple Finance Account for use later.

You can upload money through one or more methods, for example, a pre-authorized direct debit via electronic funds transfer (“EFT”) or a wire transfer from your bank account, with a credit or debit card or Interac™. The number of methods available to you will depend on a number of factors including your verification status with us.

We will credit your Maple Finance Account once we have received your money, and are not responsible for the money you have uploaded until we have received them. For some particular upload methods, we will credit the money to your Maple Finance Account as soon as possible subject to our right of reversal. This means if the actual amount you intended to upload does not reach us within a reasonable time, we may deduct such amount from your Maple Finance Account.

i. Upload Money by Interac™

If you choose to upload money via Interac™, you will need to provide your email address or phone number. When you choose to upload money via Interac™ you confirm: you are authorized to access and transmit funds from your bank account via Interac™, and that you have the authority to initiate an Interac™ e-transfer or approve an Interac™ request payment in the amount at issue to or from your bank account. The bank that you choose to complete your Interac™ e-transfer may have restrictions on the amount you may send in each Interac™ e-transfer and the frequency of Interac™ e-transfers you may have over a period of time.

ii. Upload Money by Wire or Electronic Funds Transfer From your Bank Account

If you choose to upload money using an electronic funds transfer from your bank account, or the domestic wire transfer method, then your transaction order will remain inactive until we receive your funds to our specified account. Such payments must be made to our specified account via an electronic funds transfer or domestic wire transfer. In cases where for any reason the upload transaction is cancelled or refused, then we will promptly return the deposit to your bank account from which the transaction originated. In the event that we are unable to return the deposit, then we will promptly contact you using the most current contact information provided to us by you through your Maple Finance registration.

iii. Upload Money by Wire or Electronic Funds Transfer From your Bank Account

No other payment methods are accepted, including cash, mailed check, or electronic check. For legal and security reasons, we may impose limits on how much you can upload into your Maple Finance Account.

C. Receiving Money from Third Parties

In certain currencies, we may provide to you specified bank account details that you can in turn provide to third parties so that they can send money to your Maple Finance Account using either the electronic funds transfer method, or the domestic wire transfer method. These account details are offered by our third-party banking partners. These specified bank account details that we provide to you in order for you to receive funds from third parties are for accounts held by Maple Finance and its affiliates (and we will credit your Maple Finance Account, which is held by us, upon receipt of such funds), and are not for a bank account held by you.

When someone sends money to your Maple Finance Account using a method that we support, the money will appear in your Maple Finance Account. You should check the incoming funds in your Maple Finance Account against your own records regularly and let us know if there are any irregularities. When you receive funds you can accept them as-is and maintain a balance in your Maple Finance Account in that currency or accept them and then convert it to another currency, and hold that currency or send it to your or a third party's account. If you choose to receive money using this method, you will not have access to such funds until we receive the funds into our specified account.

You acknowledge that the money received in your Maple Finance Account via this method may be subject to Reversal or Chargeback and you agree that we may deduct the received amount from your Maple Finance Account if it is reversed by the person who paid you the received amount or any relevant payment services provider. In cases for any reason the transaction is cancelled or refused, then we will promptly return the deposit to the bank account from which the transaction originated. In the event that we are unable to return the deposit, then we will promptly contact you using the most current contact information provided to us when you registered for your Maple Finance Account.

If you provide the account details we provide to you to a third party, you agree that you will not impose a surcharge or any other fee solely for accepting payment through a Service offered by Maple Finance. You are not permitted to receive payments by other payment methods, including cash, mailed check, or electronic check.

D. Holding A Balance in your Maple Finance Account

- i. Maple Finance is not a bank and your Maple Finance Account is not a bank account.**

Maple Finance is not a bank and therefore value held as a balance in your Maple Finance Account represents an unsecured claim against Maple Finance and is not insured by the Canada Deposit Insurance Corporation (CDIC) or any other deposit protection scheme. Maple

Finance owns the interest or other earnings on these investments, if any. Maple Finance does not use balances held by its customers for operating expenses or other corporate purposes. In addition, as discussed above, the specified bank account details that we provide to you in order for you to receive funds from third parties are for accounts held by Maple Finance and its affiliates (and we will credit your Maple Finance Account, which is held by us, upon receipt of such funds), and are not for a bank account held by you.

ii. **History of Transactions**

All of your transactions (including your balance, uploaded money, and money you have received, converted, sent and/or withdrawn), including related fees and exchange rates, if applicable, are recorded in the transaction history section of your Maple Finance Account.

You may access this information after you have logged into your Maple Finance Account. We have allocated a transaction number to each transaction; you should quote this transaction number when communicating with us about a particular transaction.

E. Managing Your Money in Multiple Currencies

Your Maple Finance Account balance may be held in certain currencies supported by Maple Finance from time to time. You may hold a balance in more than one of these currencies at the same time. You are responsible for all risks associated with maintaining a Maple Finance Account balance in multiple currencies. You may not manage multiple currencies for speculative trading purposes.

F. Withdrawing or Sending Money

If you have a Maple Finance Account balance, you may remove it by:

- i. Withdrawing it by sending it to your own bank account (whether or not your bank account is based in Canada) through electronic funds transfer or other method, depending on the currency;
- ii. Sending it to another Maple Finance customer's account;
- iii. Sending it to a third party's bank account (whether or not it's based in Canada) through electronic funds transfer or other method, depending on the currency.

The number of payout methods made available to you will depend on a number of factors including your verification status with us. We cannot guarantee the use of any particular payout method and may change or stop offering a payout method at any time without notice to you, but we will ensure that you will have at least one payout method available to you unless prohibited by applicable law.

We will charge you a fee for each withdrawal or send money request. We will let you know the exact amount when you submit your request. Payout methods are not part of our Services, they are services provided by third parties for example the bank where you or the third party recipients hold a bank account.

iv. Limits on Withdrawal and Sending Money

You agree that your Maple Finance Account is subject to withdrawal and send money limits. If your withdrawal request exceeds the current limit, we may decline your request or impose additional checks or impose additional obligations or time limitations before allowing the money to be withdrawn.

v. Delay in Withdrawal or Sending Money

We do not have any control over the time it may take for your or a recipient's bank or payment provider to credit and make available funds to you or your recipient once we make the funds available to you or the recipient's bank or payment provider.

We may delay a withdrawal, in certain situations, including if we need to confirm that the withdrawal has been authorized by you or if other payments to your Maple Finance Account have been reversed for example, as a result of a chargeback or bank reversal.

G. Currency Conversion

Our Services include the ability to convert currencies, for example:

- i. You may upload money in one currency and use that balance to send money to a third party in another currency;
- ii. You may upload money in one currency and use that balance to withdraw money in a different currency; or
- iii. You may convert a currency balance in your Maple Finance Account to a different currency to hold in your Maple Finance Account

A conversion fee will apply when we perform a currency conversion. You must set up a currency conversion order from your Maple Finance Account and in each case the currency conversion order will be a "Fixed Source Order" which is a currency conversion order where you indicate that you wish to convert a fixed amount of source currency (the currency you start with) in order for you or your recipient to receive the converted amount in a target currency (the currency you want to send or end up with in your account). It is your responsibility to send us the money to fund a currency conversion order in a timely manner. We cannot be responsible for the time it takes for the money to be sent to us by your bank or payment service provider.

Refusing a currency conversion order. We reserve the right in our sole discretion to refuse any currency conversion order. Reasons for refusal may include but are not limited to incorrect information about the recipient, insufficient available funds, or where we believe you may have violated this Customer Agreement, including we believe you are attempting to engage in currency trading or other trading for purposes not permitted by this Customer Agreement. We will endeavour to notify you of any refusal, using the contact information in your Maple Finance Account, stating (where possible) the reasons for such refusal and explaining how to correct any errors. However, we will not notify you if such notification may be unlawful.

Once we have received your currency conversion order, we will send you a confirmation by email that we have received it. Each currency conversion order is given a unique transaction number which is shown in the transaction history on your Maple Finance Account. You should quote this transaction number when communicating with us about a particular currency conversion order.

When will I be notified of my next scheduled transfers. If you have scheduled a transfer in advance then we will notify you 24 hours before your upcoming transfer, setting out the total fees and the estimated 'live' exchange rate for that transfer. By scheduling a transfer, you agree to TW sending the funds using the live exchange rate at any time on the scheduled date. If you have opted in to receiving emails, we will send you a transfer receipt after successfully sending your scheduled transfer.

iv. **Exchange rate used to convert currency**

We will let you know the exchange rate:

1. when you place your currency conversion order, if it is a guaranteed rate currency conversion order; or
2. when we have received your payment, if it is a non-guaranteed rate currency conversion order.

v. **Guaranteed Rates**

We will notify you of the guaranteed rate and the guaranteed time period (the "**Guaranteed Period**") when you create your Money Transfer. Guaranteed Periods are subject to the following conditions:

1. The Guaranteed Period may be extended if your Money Transfer is created over the weekend or public holiday.
2. We must receive sufficient funds from you during the Guaranteed Period in order to convert your money at the guaranteed rate. You will see when we have received your money by logging into your Maple Finance Account.

3. If we receive your funds after the Guaranteed Period, we will not be able to convert your money using the guaranteed rate and your transfer will become a non-guaranteed rate transfer. Accordingly, we may convert your money at the applicable exchange rate at the time we receive your money or we will email you and ask you if you want to proceed with your transfer at the new exchange rate.
4. We may change these guaranteed rate conditions or suspend the guarantee rate feature at any time.

vi. **Limits on Conversion**

We may place limits on the amount of currency you may convert at any given time. We may limit the amount of your conversion order consistent with our obligations under applicable law and at our discretion. If your conversion order is received by us after 5pm on a Business Day or not on a Business Day, your currency conversion order will be deemed received on the following Business Day.

vii. **Delay in Conversion**

We carry out verification checks and these checks may increase the time it takes to process your currency conversion order. We cannot be responsible for any delays as a result of carrying out those checks. The completion time of your currency conversion order (i.e., the date on which funds will be available to the recipient) is notified to you on your confirmation when you complete the setup of your transaction order.

viii. **Cancellation of your Currency Conversion Order**

You may cancel your currency conversion order for a full refund at any time before the transaction amount is converted in accordance with your instructions. However, frequent cancellations may result in our restricting your use of the Services.

You are responsible for ensuring the instructions you provide to us are accurate. Once payment instructions have been executed by Maple Finance, transactions cannot be cancelled or reversed and we will not be liable in any way for any loss you suffer as a result of a transaction being carried out in accordance with your instructions.

ix. **Auto Conversion**

For certain currencies, you may be able to set one or more conversion orders to be automatically executed once the exchange rate you pick is offered by our Services (an “**auto conversion order**”). There may be limits to the number of auto conversion orders you are able to set up, as well as the amounts of money you can schedule to convert. Maple Finance does not guarantee that it will be able to execute your auto conversion order in all circumstances.

x. **We are not a currency trading platform**

Maple Finance is not a currency trading platform, and accordingly, you should not use our Services, including the Maple Finance Account or the auto conversion order function for this purpose (including creating multiple auto conversion orders or a series of Money Transfers without the intention of completing them or for seeking to profit from FX trading). If we detect that you are using our Services for this purpose, we may, at in our sole discretion, set a limit on the number of auto conversion orders you may create, cancel your orders, set a limit on the amount of money you can convert or transfer in one or more currencies or in the same currency, restrict your ability to use this or other features, or suspend or close your Maple Finance Account and disgorge your gains.

You must not close your Maple Finance Account to avoid an investigation.
